FULL STACK DEVELOPER

PROGRAMMING SKILLS

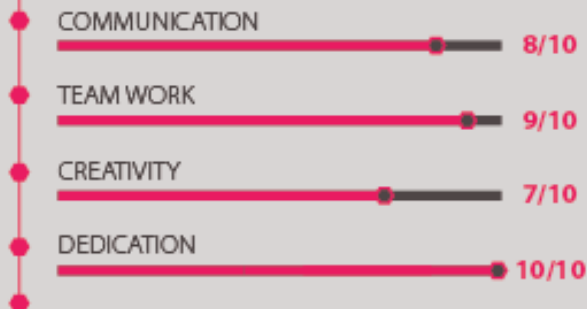

FULL STACK DEVELOPER

Web & Software Developer with a natural knack for combining technical know-how with creative elements. Well-versed in HTML, CSS, JavaScript, jQuery, and Adobe Creative Suite. A lifelong learner and a firm believer that education should never stop. Always expanding knowledge and experience by keeping abreast of the evolving trends, techniques, and technologies to streamline efficiency. 6 years demonstrated experience working with client to create amazing websites, logos, infographics, and signage. Played a key role in the designing of signage for well known companies across the greater Cleveland area. Earned a bachelors degree in Digital Media Design and currently pursuing a Certificate. In Full Stack Development at Case Western Reserve University. Equipped with skills needed to create products that bring joy to the lives of the users.

WORK EXPERIENCE

- FRONT END DEVELOPER** 2014-2019
(EduWear) Performs multiple assignments with minimal guidance from the supervisor. Developed the brand's logo, website, social media, brochures, packaging and sales displays. Collaborated with sales, and product development department to develop marketing and promotional material.
- ARCHITECTURAL SIGNAGE DESIGNER** 2017-2018
(Signets) Developed creative concept drawings for signage for design/build projects. Created interior and exterior architectural signs for clients across a wide range of industries. Responsible for consulting with clients to determine the format and size of a final project.
- PRODUCTION ARTIST** 2017
worked with creative teams to execute a creative design. Utilize software to create or tweak commercial photographs for data transfer into TIF or JPG product image files.
